"...lights for ambiance..."

3 metres x 75mm spacing x 40 LED

Joiners for 2
way or 3 way
branching.

SIMPLE SCREW TOGETHER JOINERS

Extension lead

Deco Light tm a new concept in decorative lighting....

- One power point will illuminate 200 metres of bright burning LED's
- Begin with a starter kit and add extra light sections as needed
- Light sections come in 3 metre lengths for ease of handling
- If one light string fails it is easy to locate and replace with new section
- Deco light joiners are water-tight for outdoor use.
- The first truly safe commercial or domestic light strings with end to end connections.

AS/NZS 60598.2.20~IP44 certified

Many applications possible : Living trees, under verandas, fences, artificial trees, marquee silks, house exteriors, ballroom decoration, main street lighting projects, party décor, wedding decoration...
